Thank You To Racism Jim Freeman 2016-05-04 More than fifty years after the civil rights movement, there are still glaring racial inequities across all the United States. In Thank You To Racism, Jim Freeman, one of the country’s leading civil rights lawyers, explains why he reveals the hidden strategy behind systemic racism. He details how the redirecting force behind the public’s policies that continue to devastate communities of color across the United States is a small group of ultra-wealthy individuals who profit mightily from racial inequality.

Sunbelt Rising Michelle Nickerson 2013-05-07 Cited by Republican strategist Kevin Phillips in 1989 to describe the new alloy of conservatism that dominated the American South, the Sunbelt was once a showcase of economic growth and an ambitious political culture. With sprawling suburban landscapes, cities like Atlanta, Dallas, and Los Angeles seemed destined to sap influence from the Northeast. Corporate entrepreneurialism and a conservative ethos helped forge the Sunbelt’s industrial-labor relations, military spending, education systems, and neighborhood development. Unprecedented migration to the region ensured that these developments worked in concert with sizzlebrothers’ personal quest for work, family, community, and leisure. In the repudiated Sunbelt the nation seemed to glimpse the American Dream remake. The essay in Sunbelt Rising deploy new analytic tools to explain this region’s dramatic rise. Contributors to the volume study the Sunbelt as both a physical entity and a cultural invention. They examine the raised highway, the sprawling prizm complex, and the fast-food restaurant as distinctive material corners of a region. In this same vein they delineate distinctive Sunbelt models of corporate and government organization, which came to shape so many aspects of the nation’s political and economic future.

Rich Thanks to Racism is an invaluable road map for all those who recognize that the key to unlocking the United States’ full potential is for more people of all races and ethnicities to prioritize racial justice.
